PRESS TRUST OF INDIA Mumbai, January 19

THE RBI ON Tuesday said state-owned SBI, along with private sector lenders ICICI Bank and HDFC Bank continue to be Domestic Systemically Important Banks (D-SIBs) or institutions which are 'too big to fail'.

SIBs are subjected to higher levels of supervision so as to prevent disruption in financial services in the event of any failure.

The Reserve Bank had issued the framework for dealing with D-SIBs in July 2014.

The D-SIB framework requires the central bank to disclose the names of banks designated as D-SIBs starting from 2015 and place these lenders in appropriate buckets depending upon their Systemic Importance Scores (SISs).

"SBI, ICICI Bank, and HDFC Bank continue to be identified as Domestic Systemically Important Banks

SIBs are seen as 'too big to fail', creating expectation of government support for them in times of financial distress. These banks also enjoy certain advantages in funding markets

> Based on the bucket in which a D-SIB is placed, an additional common equity requirement has to be applied to it.

In case a foreign bank having branch presence in India is a Global Systemically Important Bank (G-SIB), it has to maintain additional CET1 capital surcharge in the country as applicable, proportionate to its RWAs.

SIBs are seen as 'too big to fail (TBTF)', creating expectation of government support for them in times of financial distress. These banks also enjoy certain advantages in funding markets.

WELSPUN ONE Logistics Parks

Welspun One Logistics Park launches alternative investment fund

Welspun Group India, said, "India's logistics sector will continue to be the backbone of economic growth and warehousing is a key component of this ecosystem. Through this AIF, the investor can reap the benefits of the returns by owning units of a fund, instead of an asset."

He also stated that currently domestic investors can only invest in this high growth sector by investing directly in warehouses.

The fund has a target size of ₹500 crore with a tenure of four years and a hurdle rate of 15%. The Welspun promoter family office has committed

₹75 crore to the fund. The fund is likely to acquire land parcels in high demand, pre-identified markets, and develop Grade-A warehousing parks, which will be leased on a long-term basis to 'AAA' credit tenants. These tenants would be

from sectors such as e-commerce, FMCG, third-party logistics (3PLs), pharma and auto-ancillaries. On completion, these assets would be divested to institutional investors including private equity, pension and sovereign funds, REITs, among others so as to provide an exit and deliver the targeted returns to the fund investors.

It had posted a net profit of ₹294.11 crore in the year-ago period, the company said in a regulatory filing. Gross direct premium income grew 9.2% to ₹4,034 crore from ₹3,693 crore,

against the industry's 4.9% growth. The combined ratio improved to 97.9 compared to 98.7, the company said.

The net income grew at a slower pace as it had to budget for the higher taxes upfront towards "expensing of acquisition cost relative to the growth of 9.2% in gross direct premium income for the quarter, as the full benefit of earned premium will be realized over the policy period".
